LEDSPiRiT

This classy LED Lamp will bring style and design to your office with its great silhouette, and will also bring a true comfort to you desk.

Features LED Technology for a quality lighting without shadow. The light is close to the day light.

Light-intensity control with a touch zone (3 levels of intensity) for an easy and fun use.

Great stability thanks to its weighted base.

Important energy savings thanks to its low energy consumption (6.5W) and longevity (25.000 h)
