

15G821

GARDEN HOSE 30 M, 1/2" PROFESSIONAL

BRAND: VERTO

Garden hose, 30 m, 1/2" PROFESSIONAL, 15G821 VERTO is a superior, three-ply, durable watering hose in VERTO's PROFESSIONAL product line. Made of high-quality materials, this hose has a rupture pressure of 25 bar. The hose is UV resistant and can withstand a wide range of ambient temperature (-10°C to +45°C) without any risk of failure. The special construction prevents the growth of algae in the bore, so the water quality is never a problem. This model is 30 m long and in size 1/2". It is great for daily use and will last many seasons. The hose does a good job watering flowers, lawns, and plots of crops.
