	Colour Staining (Cotton)	ISO 105 E01		Grade: 4	4		3
OTHER PROPERTIES		Stretch Before wash 20% +/-5					

The data quoted is based upon specific materials and tested by source believed to be reliable and make no guarantee expressed or implied as to use, handling or possession of its products.

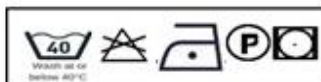

Certain shades e.g. black, maroon and navy have lower values for wash fastness and wet rubbing fastness.

A build up of softeners can lead to fabric pilling and should be avoided.

Characteristics may vary within commercial tolerances.

Please consult Master for specific values.
