marketing data	The 36 V E+ brushless 38 cm mower 04-640 by NEO TOOLS is a practical device for any garden or allotment. It has a powerful brushless motor and is powered by 2 x 18V batteries. The mower offers a 38 cm cutting width and 6-stage central height adjustment. It allows a range of 25 to 75 mm to be set, while meeting the individual needs of users. The unit is easy to assemble. The convenient 45-litre reinforced nylon grass cutter basket has an easy-to-read fill indicator. The functions of mowing into the basket, but also mulching or mowing with an outward throw, increase the usefulness of the machine. The "combing" of the grass ensures a more efficient cutting action. The folding handle, carrying handle and soft grip add to the comfort of the tool. The NEO TOOLS cordless mower is a modern device for professionals and gardening enthusiasts.
