

02A850

CLAW HAMMER 450G, FIBERGLASS HANDLE, RUBBER GRIP

BRAND: TOPEX

TOPEX claw hammer (ref. no. 02A850) is made primarily for precise nail driving, therefore it features small and round hammer head face on one side, and a notch for nail pulling on the other. Handle is made of fibreglass, this material is very resistant to temperature changes, moisture and mechanical damages, which is very important when working in a workshop. ergonomic, rubber coated grip makes using the tool very comfortable. Manufacturing process is compliant with DIN 7239 to guarantee quality. TOPEX brand is oriented towards DIY enthusiasts.
