

**Réf : ARCHICOLOR V1**

### **ARCHITECT LED COLOR GREEN**

Become a must, the ARCHITECT desktop lamp blends perfectly into your workspace. To give a touch of color, its timeless design has been reviewed and colored. The green Archicolor will seduce you with its malleability, industrial design and beautiful color finish. It consists of a weighted base, a double articulated arm and an adjustable head. Ready to use, this desk lamp comes with a 7W LED bulb.

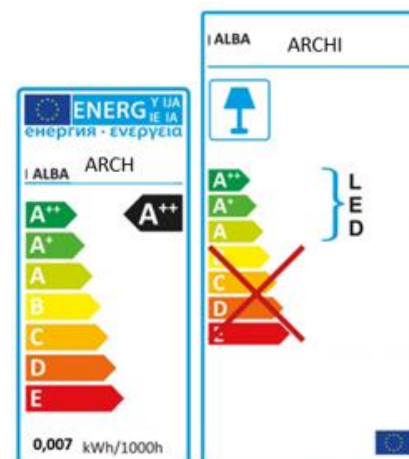

#### **PRODUCT ADVANTAGES:**

- ▲ Colorful head for a simple and uncluttered decorative note.
- ▲ Industrial design for this modern and elegant lamp.
- ▲ Height adjustable thanks to its double articulated arm allowing maximum amplitude.
- ▲ Tilt the lighting, as you like thanks to its adjustable shades with a clear interior finish to enjoy maximum brightness.
- ▲ Weighted round base for perfect stability.
- ▲ Ability to fix your lamp directly to your desk or other support thanks to its clamp or wall.
- ▲ Convenient, its I/O switch is located on the cord.
- ▲ LED technology for high quality lighting and significant savings due to lower power consumption and longer life.
- ▲ Compatible with a LED or Fluo bulb (LED bulb included).
- ▲ The Archicolor desk lamp is available in red and green
