

58G022-AD
CORDLESS DRILL, ENERGY+ 18V, LI-ION, REMOVABLE HOLDER 10 MM, PLUS ANGLE ADAPTER AND CORNER ADAPTER, WITHOUT BATTERIES
BRAND: GRAPHITE

Drill/driver, Energy+ with adapters, 58G022-AD, GRAPHITE is a versatile power tool indispensable for repairs at home or a workshop. The set includes one edge adapter and one angle adapter for easy access to tight spots. The power tool facilitates fastening, joining, and securing different materials with bits and screws with a wide speed range. The power tool features a universal bit socket holder and an integrated light for easier work in tight spaces.

Product characteristics:

- Quick-release chuck
- Precise speed control
- Work light
- CW/CCW selector
- Angle adapter
- Edge adapter
- Ergonomic grip
- Robust casing

Technical specifications:

- Supply voltage 18 V DC
- 1st speed 0-350 min⁻¹
- 2nd speed 0-1250 min⁻¹
- Tool chuck size 6.35 (1/4")
- Clutch speeds: 1-19 + regular drilling
- Max torque, soft: 28 Nm
- Max torque, hard: 44 Nm
- Max drilling diameter:
 - Wood 30 mm
 - Metal 10 mm

Material:
 Metal with plastic overlay

EAN	5902062065339
Type of drill chuck	keyless
Battery type	Li-Ion
Total length of the product	215
Number of batteries in set	0
Number of gears	2
Number of diodes	1
Number of features	2
Number of torque ranges	19 (plus drilling option)
Warranty	3 lata
Maximal soft torque	28
Maximal hard torque	44
Total width of the product	70
Battery voltage	18
Total height of the product	200
Drill chuck range	0.8-10
Type of motor	Brush motor
Revolutions per minute	1250 min ⁻¹
Minimal revolutions per minute	0
Maximal revolutions per minute	1250 min ⁻¹
Maximal torque	44
