

# ADHESIVE SIGNAGE TAPE AND HIGH PERFORMANCE FLOORMARKING

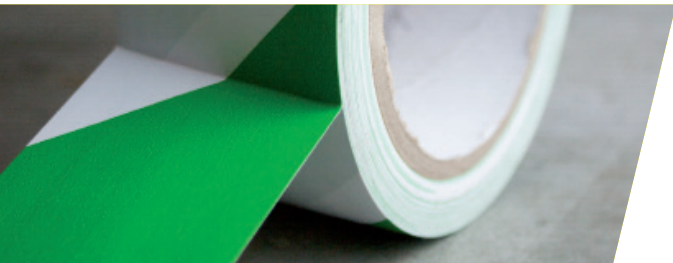

## FOR MAXIMUM SAFETY AND EFFICIENT ORGANISATION

As technology and needs change, it is necessary to regularly reorganise workspaces, whilst respecting business standards.

In order to respond to these constant changes and to safety and communication issues in the workplace, floor marking is necessary and often even compulsory.

To avoid using paint marking which is too permanent, TARIFOLD PRO offers a full range of coloured, high performance, precise, visible and easily applicable adhesive tapes.

## USE

Creation of floor marking lines inside industrial and commercial buildings for:

- Reinforced visibility and safety.
- Regulation of internal traffic flows.
- Demarcation of storage areas, safety areas...

A large range of ISO standard colours for:

- Identification of areas and machines.
- Thematic areas.
- Identification of pipes...

## BENEFITS OF TARIFOLD PRO ADHESIVES

- Quick, easy maintenance.
- Long-lasting bond.
- Vinyl resistant to chemical products, abrasives, moisture, high volume repeated passage...
- Clean and neat\* removal.
- CE standard certified.

\* for EXPERTAPE and depending on floor quality.

## 3 ADHESIVE TAPE RANGES

### STANDARD

**Uses:**

high resistance vinyl for foot traffic and regular machines. Mounts on a reel.

Size: 50 mm x 33 m  
thickness: 150 µ

4 colours: 

Packaging:

1 tape
